*Custom Home
Building Simplified.*

Oxford Development is proud to be a family owned and operated company that specializes in the design/build of luxury custom homes and remodels. We take pride in achieving our client's goals of collaboration and communication, while putting their best interests at the forefront. We focus on the design/build project delivery method for its integration and streamlining nature. Our in-house design team works with clients from the initial meeting through the design and construction in order to achieve practical and aesthetically pleasing designs within budgetary means. We concentrate on the details that define a home- from the architectural elements to the care with which concrete is poured, timber selected, outlets and pipe placed, and tile grouted. Our customers select us because we value detail and endurance and build them into every element of each home.

Integrity, dedication, and service are the foundation on which our homes are crafted. Your home will surpass all of your expectations.

CUSTOM HOME BUILDING SIMPLIFIED

TESTIMONIALS

"Purchasing a home from Oxford Development was one of the best decisions we could have made. The attention to detail and design of our home was outstanding. And the continued level of service has far exceeded our expectations. I would recommend them to anyone who asks."

-April and Jamie Mattikow

"Building a custom home seemed overwhelming until we met Oxford. They were there every step of the way. From architectural changes to door knob selections, I always felt like I had a partner and advocate. The detail and time Oxford puts in to each home is demonstrated by the stunning and quality homes they build. You cannot find a better builder."

-Jamie and David Agay

"We purchased a home from Oxford Development in July 2008. The construction quality has exceeded our expectations from the beginning. We didn't even bother with our one year warranty inspection since frankly we could not find any repairs that required attention. The developer constantly checks in with us which has given us great comfort that should something go wrong, they will be right on it. Unquestionably, one of the best quality builders on the North Shore!"

-Marc and Marcy Offit
